

BM 8

Garden Mums

INCUBATED pH = 5.4 - 6.2

Made with our professional grade composted peat moss, this substrate increases the amount of available water.

ADVANTAGES

- Contains additional nutrients and beneficial micro-organisms.
- Improved water retention and distribution in containers.
- Higher CEC for increased buffering capacity.
- Good for post-harvest environment (retailers & box stores).

USE

Outdoor crops in medium to large containers.

CROPS

Ideal for large container garden mum productions.

INGREDIENTS

Selected professional grade peat moss coarse grade perlite, composted peat moss, dolomitic and calcitic limestone, non-ionic wetting agent, standard fertilizer starter charge.

Bag Size Available	ft ³	liters
