

ADAPTED GROWING MIXES FOR

CEA & Agricultural Growers

berger.ca

Performance, Reliability, and Peace of Mind

The right growing media is the foundation of a successful operation. That's why growers trust Berger's high-quality mixes to deliver consistent results, harvest after harvest. Every mix is crafted from premium ingredients under strict quality control standards, ensuring uniformity and performance for your specific needs.

Your Success, Our Commitment

Berger goes beyond providing exceptional substrates - we bring peace of mind through rigorous quality assurance, traceability, and expert support. Our comprehensive **Food Safety Program (FST)** includes third-party laboratory testing and a **Certificate of Analysis (COA)** with each FST-certified load. Backed by **ISO 9001 certification**, every batch is subject to thorough inspections and final quality reports to guarantee reliability.

Quality & Safety You Can Count On

FOOD GROWING OPERATIONS DEMAND THE HIGHEST STANDARDS.

Berger's commitment includes:

- ✓ **Rigorous Quality Control:** From raw materials to finished products, we conduct real-time testing at every stage to ensure consistency.
- ✓ **Complete Traceability:** Each bag has a unique serial number, allowing full tracking of every ingredient. We also retain product samples for a year post-production for added assurance.
- ✓ **Food Safety Measures:** Our FST-certified products undergo third-party pathogen requirements.
- ✓ **Reliable Supply Chain:** With strategically located production facilities and distribution centers, we ensure timely delivery and consistent availability of our growing media, keeping your operation running smoothly.
